SmartHeart Cares About You

PET FOOD

HANDLING AND STORAGE

Store the food bag or container in the area without sunlight, heat, wetness, chemicals, and animals.

Always clean and dry the food container after use.

Feed your pet proper amount of food according to recommended portion.

Do not feed your pet if the food is not in a good condition e.g. changes in the taste, smell, and color, or contaminated.

DRY FOOD

- Securely seal the bag after use to prevent dirt and animals which are carrier of diseases.
- Pour into the container with a secure lid to prevent wetness and maintain palatability and quality.
- Use dry and clean utensils when scooping the food.

WET FOOD

- Finish the product within 24 hours after opening and store in a fridge with a lid secured on or store in a container with a secure lid.

PERFECT COMPANION (M) SDN. BHD.
